

Worried about protecting your assets from rising health care expenses?

Find out how the Accelerated Access Solution[®] may work for you

By adding the Accelerated Access Solution (AAS) rider to the Secure Lifetime GUL 3, Value+ Protector or Max Accumulator+, you can access income tax-free death benefits if diagnosed with a chronic illness.^{1,2}

Problem: Planning for the Unexpected

As the sole breadwinner, Julia* is a 45 year old single mother who wants to protect the financial stability of her family's financial future. Without knowing what will happen in the future, she would like to build in some protection in the event she should develop a chronic illness or pass away prematurely.

Solution: Life Insurance You Don't Have to Die to Use

Julia purchases a \$500,000 Secure Lifetime GUL 3 policy. With the optionality built into the policy she has the following choices:

- Choose an Accelerated Access Solution total benefit amount anywhere between \$250,000 and \$500,000
- Three monthly benefit payment amounts options as illustrated in the chart (Fig. 1) on the next page.

Julia chose the 100% total benefit option giving her a \$500,000 Accelerated Access Solution benefit. She also chose the per diem benefit payment option at the time of purchase.

Fast Forward

Thirty years later when Julia was 75 and in retirement, she suffers a stroke and activates the rider to access a portion of the death benefit each month². Because she chose the per diem option, the monthly benefit amount had increased to

approximately \$31,000 (See Fig. 1) in the year she went on claim, and was payable for up to 16 months.

Julia passes away 6 months after going on claim and therefore still had \$314,000 in death benefits that was payable to her beneficiaries. The Accelerated Access Solution allowed her family to use the funds to pay for her medical care and protected family assets from being depleted as a result of the illness.

Benefits of Accelerated Access Solution

- **Multiple benefit payment options**—three options available for monthly benefit payments:
 - IRS maximum per diem amount at time claim begins – providing an increased payout the older policy owner gets
 - 2% of the AAS benefit per month
 - 4% of the AAS benefit per month
- **Waiver of monthly deduction**—all policy deductions stop (including base policy + all riders) while receiving benefits
- **Flexible options with total benefit amount**—select any amount between 50% - 100% of the base policy death benefit amount
- **Care coordination services available**—variety of optional and free support services available to the insured at time of claim
- **No receipts required**—benefits paid irrespective of actual costs incurred
- **Dollar-for-dollar death benefits payout**—know the benefit to be received at the time of rider purchase - no discount applied at time of claim⁹
- **Not a “use or lose it” policy**—benefits are paid no matter what... either when the chronic illness requirement is met or via death benefits
- **Control over how money is spent**—up to the policy holder how the funds are used, not restricted via the policy
- **No waiting period**—chronic illness benefits are available as soon as policy is issued (90 day elimination period applies)¹⁰
